What's Included	Specifications
6 Surface Pads 12 Structural Piers X12 Anchor Spikes 24 Cam Locks 18 One Inch Shims Cam Tool & Template Assembly Instructions	<ul style="list-style-type: none"> • Dimensions: 2m x 3m • Limited 15-year warranty • Made of high-grade composite material to ensure strength and durability • Flint Grey or Cedar Red colored surface with wood-grain texture for a natural look and feel • Re-enforced structural ribbing eliminates the material from decay, buckling, or warping over time. • Composite material is mildew and weather resistant. UV resistant helps eliminate fading from intense sun exposure. • A crowned design on each pad eliminates water from pooling or accumulating on your deck and allows water to drain between surface pads. • Prefabricated modular components allow for easy do-it-yourself installation, reconfiguration, or disassembly • Modular and lightweight components make the system portable and easy to move • System supports up to 500 kgs. per sq. m. (twice the strength capability of pressure treated lumber) • Easy to clean for years of enjoyment with just your water hose. • Made in the U.S.A. • Total Approx. Kit Weight: 140. kgs. • Total Approx. Square Footage: 6 sq. m. • Approx. Weight Capacity: 3,000 kgs. • Floating system allows the deck to adapt to expanding and contracting ground conditions during both summers and winters.

- All prices subject to freight and GST
- Bulk orders for major projects will be shipped directly from UDECX in the USA to nominated major Australian Port.
- Prices subject to dollar fluctuation and all projects will be priced in accordance
- Subject to Green Specifiers Terms of Trade

Consignment process:

1. Consignment shipped to store (store to be invoiced for delivery)
2. Store promotes and Udecx promotes on website and through social media where to purchase
3. Store sells a kit
 - a. If consignment stock customer takes kit and pays store for delivery (Commission 32%)
 - b. If requested sold kit can be sent from GS warehouse to client (client pays for delivery as per schedule, Commission 25%)
4. Store pays for sold kit on invoice from GS less % for commission as outlined in pricing table.
5. Replacement kit sent to store (if sold from consignment stock) – delivery charged to store as per #1
6. Stock is on consignment for 90 days. If reseller does not wish to keep stock they are required to return consignment stock to Green Specifier's warehouse in same condition as delivered. If reseller wishes to keep stock full payment will be required (less commission of 32%).

Your store will be promoted:

1. On www.udecx.net as a reseller
2. On social media campaigns run by Udecx and Green Specifier
3. By Green Specifier to Landscapers, Designers, Architects and Builders
